

# KAP's-RURAL

## RED LINE PE PIPE

### PRODUCT FACT SHEET

#### Description

High resistance to impact and weathering makes KAP's-Rural HDPE pipe ideal for the most demanding applications. These lightweight coils enable fast installation with minimum joints.

KAP's-Rural poly pipe comes in imperial sizes to suit the industry standard requirements and existing pipelines. Rural compression fittings are also in imperial size, although adaptors to metric pipe sizes are readily available.

This high quality pipe manufactured in Senegalese will remain robust even in harsh environments and guaranteed to last a long lifespan due to its high impact strength and UV resistance.

Size	Wall Thickness (MM)	Inside Diameter (MM)	Length (M)	Length (M)			Weight (KG)
				OD	ID	Width	
1 inch	1.8	28.9	200	1590	1280	260	30.4 (ea)
1 1/4 inch	2.2	36.0	150	1650	1325	285	35.3 (ea)
1 1/2 inch	2.6	43.2	150	1855	1580	300	49.8 (ea)
1 1/2 inch	2.6	43.2	300	1540	865	430	99.6
2 inch	3.4	57.6	100	2010	1600	335	58.2 (ea)
2 inch	3.4	57.6	200	2110	1600	370	116.5

Manufacture red to SDR 13.6.

Dimensions are nominal only.

White co-extruded outer layer for easy identification.

Manufactured in Senegal to standard ISO 4427 'Polyethylene (PE) pipes for pressure applications' (dimensions only) and A Standard ISO 4427 'Fittings for polyethylene (PE) pipes for pressure applications'.
